Has the honour to state that Rukminiamma's appointment as Assistant Mistress is really wanted in the Maharanis Girls School. In the recent re-organisation of classes in the school three additional superior teachers are required as there are no less than four classes now preparing to appear for the Lower Secondary this year None of which [except the Kanarese Lower Secondary] contains under 10 girls and none of which can be amalgamated A recommendation to the effect that superior additional teachers are required will be made at

the forthcoming Committee meeting

It was thought that Rukmanamma to whom Government has guaranteed an appointment of Rs 15/- might be temporarily employed in one of these Classes while she qualifies herself by gaining experience in teaching under the direct guidance of Miss Ridsdale, the Lady Superintendent for higher work in that important and well organised institution She has been placed in charge of one of the classes in the English Lower Secondary Department at present, so as to secure her an hour per day to study for the B A privately

2 As stated in the previous paragraph more superior teachers are required, and hence we cannot dispense with the services of any of the higher male teachers and appoint her in their stead

3 She has entered into an agreement to serve as a School Mistress for 5 years, as required by Clause II Para I of Government Proceedings No 3469-60 Ed 7 17-96 dated 15th September 1897 ↓ SR No 36 of GSE 1796.

4 The two candidates who failed in the F A were very anxious to continue their studies, and, pending Government sanction the class has already been opened for them with the approval of the Committee Members, obtained by circulation An application has been already forwarded to Government regarding this point

5 Two of the three sent up for the matriculation he passed. Both these ladies evince a great desire to continue their studies for the F A if they are exempted from re-examination A Junior F A class may have to be opened for them after the decision of the Syndics was received.

6 In conclusion the Honorary Secretary begs to submit that at the ensuing meeting of the Committee which will be held during first days of March the question of the School teaching-staff will be fully discussed and the report duly submitted to
